For the right cleaning standards, you need to know the benchmark.

At AMC Commercial Cleaning, we're committed to being above the benchmark for the right cleaning and hygiene standards. The result is safer, cleaner and hygienic workplaces and surroundings where people feel secure and confident to be present at work.

We do this because we believe it's important to look after people, especially in the new normal of COVID.

Established in 1988, our family-owned and operated heritage helps us ensure people are always put first, with their health and wellbeing front of mind.

What our customers think.

The AMC cleaning team are professional, polite and conscientious of their work and go above and beyond when we have ad hoc requests each night – right down to the crew messaging us photos when they have completed some requests.

Thanks for all of your hard work – you do a fantastic job, always with a smile on your face. Looking forward to working with you for years to come. Thanks again! Megan and the team at ALDI (Southland).

Our AMC cleaner, Suraksha, is always of a cheerful disposition and is thorough and efficient in her work. We really appreciate the work that you put in so that we can come to work to a fresh and clean boutique ready for another day of delivering great customer experiences. Thanks AMC!

- ✓ A rigorous and structured review process

We're committed to doing things right.

We maintain a strong commitment to our planet and its future, striving for continual improvement wherever possible. This includes minimising waste, recycling where possible, using biodegradable cleaning products and maintaining an environmental reporting system.

We are committed to creating better futures for people. We promote inclusive workforces with respect for diversity of race, gender and abilities.
